

Optimize**23**

The Future of Automation

For Business Development, Proposal Management, and Contracts teams.

Thank you for joining the Optimize23 Virtual event

I would like to express my heartfelt gratitude for the phenomenal success of Optimize23. The virtual event hosting 13 talks was an incredible experience for everyone involved, and I want to thank all of you for your hard work and dedication to making it happen.

With over 1500 registrations across over 750 organizations globally, Optimize23 was a truly international event that brought together people from all walks of life to share their knowledge, ideas, and experiences. The talks were informative, thought-provoking, and inspiring, and they left a lasting impression on everyone who attended.

I can say with confidence that it was an unforgettable experience, and I am grateful for the opportunity to have been a part of it. It was a great pleasure to learn from some of the brightest minds in their respective fields and to connect with like-minded individuals from around the world. We cover an incredible amount of important and insightful topics. I'm delighted to share the insights and content with you in this document.

Thank you once again to all involved for all that you did to make Optimize23 such a resounding success. Your hard work and dedication are truly appreciated.

Micheál McGrath
Head of Marketing
VisibleThread

PRESENTATION TITLE

Preparing for Tomorrow: The Role of Automation in shaping our Future

SPEAKERS

Rick Harris
CEO

Fergal McGovern
CEO and Founder

DESCRIPTION

The event was an absolute must-attend for business leaders and professionals who were keen on staying ahead of the curve in the ever-evolving world of automation.

Our speakers discussed the implications of these developments for businesses and organizations, and provided practical strategies that could be leveraged to drive growth and improve efficiency using automation. Attendees left the event empowered with newfound knowledge and equipped to navigate the rapidly-changing automation landscape.

KEY LEARNINGS

1. Explore the common factors that make automation a game-changer, and how metrics can help you create a business case for automation.
2. Ensure your full team is involved and advocating new automation software.
3. AI and ChatGPT - It will replace the mundane tasks, not the proposal writer role in totality.

Contracting Success Story: Insights for Government and Commercial Contracting

SPEAKERS

Anatalia Macik
Proposal & Bid Director

DESCRIPTION

The informative customer spotlight session at Optimize23 featured Leidos' Proposal & Bid Director, Anatalia Macik. Anatalia shared valuable insights on navigating the complex government and commercial contracting world.

Attendees learned proven strategies for success with VisibleThread and gained valuable knowledge on how to master the art of winning contracts in both sectors. Whether new to the contracting world or seasoned professionals, the session was a must-attend for anyone looking to improve their chances of success.

KEY LEARNINGS

1. How proposal development best practices apply across different industries despite potential differences in requirements.
2. How pre-planning and strategizing can help overcome any differences and potential obstacles.
3. Compliance is always a critical factor and should not be overlooked.

PRESENTATION TITLE

Maximizing success through collaboration: Proposals, Business Development, and Capture

SPEAKERS

Fred Vlcek
Business Development Operations

Marcia Watson
Sr. Director of Proposal Operations

Steve Skeldon
Capture Director

DESCRIPTION

This panel discussion covered maximizing success through collaboration in proposals, business development, and capture. During the session, we shared VisibleThread customer insights from organizations such as Cherokee Federal, Chickasaw Nation Industries, and Pragmatics. The panel discussed the challenges and opportunities of collaboration in the proposal process, and shared the best practices they had used to increase win rates and improve performance. It was a unique opportunity to learn from industry leaders who had been successful in implementing collaboration in their organizations and ask them questions. The panel discussion was a must-attend event for anyone looking to improve their collaboration efforts and win more business, whether they were a proposal manager, business developer, or capture manager.

KEY LEARNINGS

1. Overcoming bid challenges: Finding the disconnect, breaking silos and sharing info between teams.
2. Moving from compliant to compelling - Identifying win themes and discriminators
3. The panels thoughts and recommendations for the future - Automation, AI and where is the bid and proposal craft headed

PRESENTATION TITLE

Transform your proposal process with these proven optimization strategies

SPEAKERS

Kelson Forsgren
VP, Program Development

Amy McGeady
Senior VP

DESCRIPTION

Teams that follow a repeatable proposal process that's based on best practices consistently win more business with greater efficiency. Team members experience fewer miscommunications and frustration and more alignment and productive teamwork.

In this session, Amy and Kelson provided an overview of the Shipleys process – a process that produces winning results across industries.

We'll talk through how to tailor this process to fit your organization's needs, highlighting some common pain points and solutions for overcoming them.

KEY LEARNINGS

1. Learn how automation can help you avoid common pain-points like poor planning.
2. Optimizing your proposal development with the POWeR strategy
3. Creating a playbook for your proposal process.

PRESENTATION TITLE

Overcoming Burnout in Proposal Management: Strategies for Sustaining Productivity and Well-being

SPEAKERS

Mairi Morrison
CEO

DESCRIPTION

This informative presentation at Optimize23 featured Mairi Morrison. Mairi shared her latest research on burnout in proposal management and provided valuable strategies for sustaining productivity and well-being. Mairi provided an in-depth look at the causes of burnout and its impact on proposal managers and teams. She also shared practical tools and techniques for preventing and managing burnout. This session gave you the insights and tools needed to overcome burnout and thrive in your role. It was an opportunity not to be missed to learn from one of the leading experts in the field.

KEY LEARNINGS

1. Essential information for proposal managers who want to sustain productivity and well-being.
2. Streams contributing to proposal management stress and the impact of these.
3. Factors to consider when trying to avoid burnout such as shifting attitudes towards work, being more cautious when committing and people moving to smaller companies.

PRESENTATION TITLE

Give yourself grace, and the opportunity to succeed

SPEAKERS

Guy Timberlake
Chief Executive Visionary and Co-Founder

DESCRIPTION

In the federal sector, business leaders often put their teams and even their world on their backs. This weight could prevent them from achieving victories and blind them from seeing the help and guidance available from friends, colleagues, and mentors. When leaders made decisions reactively and out of desperation, they lost focus and motivation. It was important for business leaders in Federal Contracting to give themselves grace, and a better opportunity for them and their teams to succeed.

KEY LEARNINGS

1. We are not alone as business leaders. What are the characteristics of a business leader?
2. Motivation - Making me better!
3. Ensuring we understand the business vs just going out and doing the business

PRESENTATION TITLE

Navigating the Evolving Landscape of Contract Management

SPEAKERS

Dr. Dolores Kuchina
Chief Disruptor, Rexota Solutions, LLC

Ryan Connell
Deputy Director of Commercial, Item Group

DESCRIPTION

This roundtable discussed contract management's evolving landscape. VP Kyle Peterson and members of NCMA shared insights on technology, data analytics, compliance, and challenges faced by organizations. Practical tips and strategies were also provided. Valuable insights were provided for contract managers, procurement professionals, and business leaders.

KEY LEARNINGS

1. In this roundtable we discuss the challenges for contracts teams being viewed as compliance only and being isolated from commercial partners.
2. Best practices and automation solutions used to break down these silos, to help accelerate the process of contract negotiation.
3. The panel discusses where they think the focus and emphasis is going to lie moving forward, highlighting the importance of market research.
